To: City Council
From: Andrew J. Hand, City Attorney
Subject: BRP Workshop Materials
Date: August 25, 2021

The following materials have been provided in anticipation of the September 1, 2021, City Council Workshop re: the BRP agenda item:

- Revised Proposed Ordinance for Workshop Discussion
- BRP – abbreviated rules
- BRP Draft Resolution re: MP update
- 2014 DOJ - ADA flyer re: Power Drive Mobility requirements

Revised Proposed Ordinance

The latest draft ordinance is attached per Council comments and direction. Per Council's direction, these rules are designed to comport with Management Plan requirements while providing sufficient specificity for enforceability.

BRP – abbreviated rules

These rules contain some shortened versions of the more specific rules within the ordinance so that they can be posted onsite on BRP signage. This language tracks the language on the current signage as closely as possible as well as the model provided to City Council by Mr. Vibbert.

BRP Draft Resolution re: MP update

This is a draft resolution to update the MP regarding catch and release fishing in the interior pond. It would need to go through the appropriate planning process as well be submitted to the appropriate agencies for feedback prior to Council approval. The MP and amendment thereto would be attached via exhibit.

2014 DOJ - ADA flyer re: Power Drive Mobility requirements

This Department of Justice flyer provides information on the City's compliance requirements re: the ADA. Please note that covered entities, such as the City of Dunnellon, must allow people with disabilities who use power wheelchairs or scooters into all areas where members of the public are allowed to go.
